

$$\% \text{ Increase in City Taxes} = \frac{\text{City Taxes}_2 - \text{City Taxes}_1}{\text{City Taxes}_1} * 100$$

$$= \frac{\$1396 - 1028}{1028} * 100 = 35.8\%$$

Figure 7: 2004 Ypsilanti Household Average City and Regional Total Taxes
 Data Sources: Washenaw County and City of Ypsilanti

City Taxes₁

$$\text{City Taxes}_2 = \$959 + 437 = \$1396$$
